SPECIAL ASSISTANT FOR MUTUAL SECURITY COORDINATION

January 30, 1959

AF - Mr. Parker

There is attached a memorandum from Mr. Smith to Mr. Dillon, dated January 26, 1959, concerning special procedures in Libya in connection with LARC. As you will see, Mr. Whitehouse has suggested that it would be more businesslike for State to confirm that these procedures need to be continued for political reasons, if such is the case, rather than to depend on Mr. Smith to continue the authorizations unless advised to the contrary.

Therefore, would you be good enough to have an appropriate response prepared from Mr. Dillon to Mr. Smith, with the appropriate covering memorandum from Mr. Satterthwaite, and the suitable clearances, which I assume would be, in addition to AF, E and W/MSC.
